PAGE 1 / 1

This Form 99 is being filed in response to FEC preliminary review letter dated April 6, 2015 in reference to Coastal Federal Credit Union PAC (C00342733) October Quarterly Report (07/01/2014 - 09/30/2014).

In response to Item #1:

The beginning cash balance of the report did not equal the ending balance of our July Quarterly Report (4/1/14 - 6/30/14) due to lost .dcf files.

We had a statement of organization change after the July Quarterly Report was submitted and were unable to recover the .dcf files from the prior treasurer's computer. Thus, when we filed the October Quarterly Report (7/1/14 - 9/30/14); the opening cash was entered incorrectly. Today (5/28/15), the 2014 Q1 & Q2 reports were re-created on the current assistant treasurer's computer to match the totals of our prior filings. This has corrected the opening cash reported on the October Quarterly report and all subsequent reports that have been filed.

In response to Item #2:

Amendments for the October Quarterly Report (7/1/14 - 9/30/14) and all subsequent reports that had been filed were filed today, 5/28/15 to correct the Column B discrepancies.

Thank You.
